

Notice to Bid – Boardwalk and Bridge Manufacturing (Materials Only)

Erie MetroParks

Project: Boardwalk Manufacturing (Prefab Galvanized Steel Frame + HDPE Decking)

Work Scope: Manufacturing Only – Installation to be completed by Owner

Overview

We invite qualified contractors and manufacturers to submit bids for the fabrication and supply of prefabricated boardwalk and bridge components in accordance with the technical specifications provided. The Owner will perform all installation work; this bid request applies only to manufacturing and delivery of materials.

Scope of Supply

- Structural galvanized steel boardwalk and bridge frames
- HDPE thermoplastic decking
- Prefabricated modular sections
- Required documentation, drawings, and material certifications

Submittal Requirements

- Business qualifications (7+ years, insurance, AWS welders, references)
- Technical qualifications (fabrication capability, experience, equipment, financial stability)

Warranty Requirements

Lifetime workmanship warranty on frames; standard material warranties apply to decking and accessories.
